BULLETPROOF VITALITY FEMALE

What It Does: Fills in nutritional gaps to maximize results. High potency vitamins and minerals. Lessens bloat & includes bioavailable iron sources.

Who Would Benefit: Women!

Consumer Price: \$67

WCSC Price: \$37

BULLETPROOF VITALITY MALE

What It Does: Fills in nutritional gaps to maximize results. High potency vitamins and minerals to support prostate health and enhance effects of all supplements, exercise and nutrition programs.

Who Would Benefit: Men!

Consumer Price: \$67

WCSC Price: \$37

BURN AM

What It Does: Boosts fat melting metabolism, protects lean muscle mass and maximizes muscle building. Get more reps, go longer, go harder.

Who Would Benefit: Anyone looking to shred fat and boost metabolism. Best when paired with Burn PM to keep the fire burning.

Consumer Price: \$107

WCSC Price: \$67

BURN PM

What It Does: Naturally supercharge fat loss and muscle growth. Increase energy, focus and libido, decrease estrogen production.

Who Would Benefit: Anyone taking Burn AM. Anyone that might stress eat, struggle with cravings or lack the feeling of 'fullness' in the evening.

Consumer Price: \$107

WCSC Price: \$67

PRE

What It Does: Increase endurance, motivation, and focus. Maximize power. Get more reps. Speed up results. Dominate your workout.

Who Would Benefit: Everyone will get benefit from Pre:Step1 (non stimulant). The stimulant side, Pre:Step2 tags along for the ride if you need that extra boost for an early morning workout, after a tiring day at work, or if you're heading into an extra grueling workout.

Consumer Price: \$97

WCSC Price: \$67

INTRA

What It Does: Helps you recover faster, decreases soreness and fatigue, improves your mood and increases muscle tone.

Who Would Benefit: Anyone that gives it their all in their workouts! Sip this during your workout to aid in recovery, replenish your full amino acid spectrum including branch-chain, and workout longer and harder.

Consumer Price: \$87

WCSC Price: \$67

TEST STORM

What It Does: Naturally increases fat burning. Decreases appetite and fat storage, and increases energy, libido and blood flow.

Who Would Benefit: Anyone that wants to increase drive in the gym *and out of the gym*. This product is safe for women!

Consumer Price: \$107

WCSC Price: \$67

SLEEP MULTIPLIER

What It Does: Burns fat while you sleep, lowers sugar levels, decreases storage and speeds up results. Gives you longer, deeper sleep.

Who Would Benefit: Anyone who struggles to fall asleep or stay asleep, or struggles to relax and quiet their mind in the evening. Anyone who wakes up feeling groggy and not refreshed.

Consumer Price: \$97

WCSC Price: \$67

LAST MINUTE CLEANSE

What It Does: Colon, kidney and liver detox. Lose inches in days, drop bloat and water weight quickly. Last minute event cure. Feel lighter.

Who Would Benefit: If you're feeling bloated and stuffed up. If you're starting a new meal plan, particularly higher protein plans. If you have an event coming up that you want to feel lighter and tighter for.

Consumer Price: \$97

WCSC Price: \$67

EFA HORMONE OPTIMIZER

What It Does: Regulates sugar, controls insulin, decreases inflammation, reduces feelings of feeling "hangry" and mood swings.

Who Would Benefit: Everyone. Everyone. Everyone. Particularly those in a caloric deficit (dieting) or feel as though they've hit a plateau.

Consumer Price: \$54

WCSC Price: \$37
